Control: Chained In Darkness (Episode Five Of Season One)

Synopsis

As I awaken to this new night, I have no idea what Theoden has planned for me. I know there are more lessons he wants to teach me | I just don't know how painful | or how pleasurable they will be. I do know that I've given into Theoden in ways that I'd never thought I would. Not only that, but he's made me feel | pleasure unlike anything I'd ever experienced. I want to resist him, I need to resist him, but I'm finding it nearly impossible to resist him. His hold over me is stronger than my will to fight him and with each passing day, I know that I'm losing this battle. On top of personal experiences, I'm discovering secrets the human world never knew. I'm beginning to understand why the humans lost the war and how insignificant my rebellion actually was. This realization has been the cruelest lesson of all. Warning: This novelette series contains hardcore sexual situations between men, not meant for sensitive eyes. This series by far has to be the best thing I have read in a very long long time. It's not the same old same obscenity is what makes it so look good. It's a dark erotic paranormal story. There is nothing quite like it out there which makes it so go that I find myself rereading the series over and over from the start. This series MUST be read in order to really be enjoyed. This latest book really gets into the paranormal realm. Definitely well written and smooth transition between each book. I can't wait for the next installment in this series.

This Series blows my mind! I read all 5 parts in one setting and now have a couple days to wait for the final installment. This is definitely a dark taboo read that will keep you on the edge of your seat wondering what is going to happen next? Anxiously awaiting for #6!

Like an addict I crave for every next installment of the CID series by Nicholas Bella!! Following Noel on his way out of the last remaining pieces of his humanity into his new fate as property and pet of his Master, Theoden, is intriguing and exciting in more than one way. I love his inner fights to hold on to those little pieces that are left of him and his past as human, his strength to try and to fight against Theoden and his whole new feelings towards his maker...they're catching and you nearly feel it, too, and more important: you feel for him. But in this book you see finally that it is just this what's left of Noel: pieces. Noel begins to see and to feel the inevitable...And of course there is Theoden. Like Noel you just can't obey his presence and all rough hot and sexy Vampire Lord he is from head to toe. To learn more about him in this book made me more than curious about this sexy half-Dragon-half-Vampire hunk. With his old friend Tylendel, a delicious Dragon by the way, Theoden seems to have a past I am curious about to hear of, and of their future plans of course. And hopefully we will learn more of Ty in the installments to follow. Just thinking about Theodens and Noels visit at Ty's makes my mouth dry and me speechless again!! Not thinking about their urgent way home afterwards and Noels trying to "cool down" again... Holy damn hell!! And now I soooo can't wait to get the final book of this season in my shaking greedy hands. I long for to know if Noel fully accepts his new fate...Nicholas Bella gets me hooked again and again with every new book in this awesome series and satisfies my darkest and naughtiest dreams I never would expect from myself to even have!! Please keep going on with it!!

This fifth book in the series takes our new vampire to a whole new level. After he has finally submitted to Theoden, he was told that today was going to be special. Donovan enlightens Noel to a few truths, but Noel still cannot seem to not stir the pot and is educated by Donovan of his place.

Noel is finally going to be able to earn his manhood back if he can take a monster punishment from Theoden. With help from one of his brothers, he finally receives a bit of dignity. Tonight, Theoden has big plans for him and is taking him out, alone. Behaving at their first stop for blood, Noel has no idea what is coming for him when Theoden takes him to be â œfedâ • by a dragon. Tyrendel is a very old, very powerful Dragon, and Noel is going to be taken to places sexually that he has never even dreamed of. When Tyrendel gives him more than was expected, his Sire and brothers reap the rewards. This installment is so smoking hot, you might want to bring a cold drink a towel to mop up afterwards. This is the hottest one yet, you have been warned. Enjoy!

Episode five has Noel reaping the rewards of his new-found submission to his new life. There's a couple of new characters in this one and a ton of sex. Some things in this one are a bit darker than in the previous ones, but it flows nicely with Theoden's lifestyle and ways. There's no cliffhanger to this one at all. Not even a hint of what's to come in the next book, but the reader will just have to pick it up and start reading if they want to know what happens next. The reader learns a bit more about Donovan and Michael in this episode as well, and it may help to melt the ice around the reader's heart for Donovan. I look forward to reading Acceptance, episode six in this series. I give this book 5 of 5 paws

This series is such an addictive series. I love Theoden and now I like a sexy as all Dragon named Tyrendel . Noel had me laughing because when Ty injected Noel with his venom he couldn't get enough sex. He even tried to kiss Theoden's driver. Another great addictive book by Mr. Bella . Thank you!!

Noel is accepting more and more and we learn so much more about the world he inhabits as well as others in his family. Theoden even allows Noel some fun when they visit one of his dragon friends. Wowâ | that is an intense sexual scene with more than I expected. His bond within his family grows even more in this chapter. My favorite quote from the series comes from here..â œThe things I should be repulsed by were turning me on the most.â • Such an accurate description for this read!
