Customer Reviews

I bought several books in Spanish for my 13-month-old as we are raising him to be bilingual (I am a native Spanish speaker and my Husband is a native English speaker). I bought this book as well as another Taro Gomi book, "Adivina Quien Soy." This book is cute- there's a hole where the robot's nose that goes through to every page of the book. Each page has a different animal and you use your finger as part of the animal's body (e.g. the first one is a cat and you stick your finger through to be the cat's tail). The concept is cute, but the execution is a little awkward. First, the finger is good for the cat's tail, but for other things like a ram's horn or a penguin's beak it's just...weird. Also, and more importantly for me, the translation isn't poor but the text just doesn't lend itself to Spanish translation, in my opinion. There are certain "common usage" words and terms that you would find in children's books in English that just don't work in Spanish. (words like "peck" and "wag" that are strange in Spanish). Anyway, not a bad book, but not our favorite. I'm going to guess that this book is better in English. :) We do prefer the "Adivina Quien Soy" translation. It's fun and cute.
