Customer Reviews

As of all St Teresa de Avila writings are very spiritual and profound, only problem is since she lived in the 16th Century she spoke in the old castillian way, so, in order to understand clearly what she is talking about i have to re read the paragraph more than twice, but it worth the reading . I highly recommend it.

la manera como siente , transmite y escribe esta mjer the transpota automaticamente al verdadero mundo de valores humanos de este convulsionado mundo

Como organizar el Templo del Espiritu Santo que es tu cuerpo en diferentes esancias.

This is Mather Theresa of Avila, that was her heart and love for the Lord. Only her could write such a wonderful teaching in such a simple way. Out of her own knowledge and obedience.

Great gift for those loved ones that are faith based

Book is in pristine condition, thank you!
