[Publishers Weekly](#) From Nelson Algren Award for Short Fiction and O. Henry Prize winner Steven Schwartz comes this indispensable collection spanning nearly four decades of artistic mastery. These compelling, deftly crafted narratives about fathers and sons, loss and separation, sorrow, comic happenstance, and the vagaries of romantic and familial love offers a resonating testament to the depth and promise of human connection. Steven Schwartz is the author of two novels and three collections of short stories. A two-time recipient of the Colorado Book Award for Literary Fiction, he has also received the Nelson Algren Award from the Chicago Tribune, the Cohen Award from Ploughshares, the Sherwood Anderson Prize, two O. Customer Reviews

There are three main reasons to read this book. 1. As I have written elsewhere, Steven Schwartz is among the finest short story writers working today. I know that contention is often made but with

Schwartz there really is no other way to say it. His characters are complex and his prose and tone, unlike so much that is published today, is never elf-like and precious. His stories hit you hard in the chest the way stories are supposed to.² It contains new stories.³ It contains some masterful old stories that are difficult to track down anywhere else, such as "To Leningrad in Winter," and "Madagascar," which can fairly be compared to the best of Malamud. The only thing this book lacks is Schwartz' other stories. Someday there needs to be a COMPLETE collection, but until such a feast comes our way, we can happily sup on this fantastic book.
