Stark After Dark: A Stark Ever After Anthology

Synopsis

What happens after she says "I do"? Together in print for the first time, these four novellas "Take Me, Have Me, Play My Game, and Seduce Me" continue the story of billionaire Damien Stark and his fiancée, Nikki Fairchild, from J. Kenner's Stark Trilogy, "Release Me, Claim Me, and Complete Me," following the happy couple from their steamy engagement into wedded bliss. "I've long dreamed of my fairy-tale wedding, but it wasn't until I met Damien Stark who captured me with his kisses and undid me with his touch that I began to believe it was my destiny. Though we both carry secrets and scars, our shared passion heals us, binding us together. We have surrendered to each other completely, and our mutual ecstasy is the brightest light in my life. But darkness still snakes through the cracks in our armor. Ghosts from our past have moved in, bringing fresh pain that cuts deep and threatens to destroy everything we hold dear. Damien is my anchor to this world, and I am his. But if we are going to keep each other, we have to fight the shadows of our pasts to move forward into our future." Stark After Dark is intended for mature audiences. Praise for J. Kenner and The Stark Trilogy "J. Kenner may very well have cornered the market on sinfully attractive, dominant antiheroes and the women who swoon for them." "RT Book Reviews" "J. Kenner has written a sensually seductive storyline that catches your imagination. . . . [Release Me] will suck you in from the very start." "The Reading Cafe" "[A] sexy and exciting ride." "Fresh Fiction, on Claim Me" "[An] immensely satisfying series. . . . The roller coaster events of Complete Me give this novel a page-turning quality." "Heroes and Heartbreakers"

3.75 stars---TAKE ME: TAKE ME is a welcome storyline-one that is lighter in tone than the previous instalments but not without some controversy of its own. J. Kenner writes a storyline that is edgy, sensual and erotic, without any of the over-the-top angst of regret or what ifs and whys. Nikki will come into her own and take command when the time comes and I think every woman, may at one time or another, felt the same way that our heroine felt, when pushed one too many times.____HAVE ME: J. Kenner pulls the reader into a fast paced, erotic storyline that builds towards the next installment in a series where the leading couple continues to find themselves the center of negative attention and unwanted publicity. Saying that, there is a bit of a cliff hanger, so to speak, in that several issues have not been addressed or resolved, and therefore are most likely introductory plot points for future storylines. The majority of the novella focuses on Damien and Nikki's sex life; on sexual situations and erotic imagery-the storyline lacks any real substance or depth; real life takes a back seat to the numerous sex scenes and situations.____PLAY MY GAME: PLAY MY GAME is a romantic, intriguing and enticing addition to J. Kenner's Stark series of novels and spinoffs. What began with a portrait and a million dollar offer in RELEASE ME book 1 has now blossomed into an erotic romance series where anyone with a close connection to our couple finds themselves with a story of their own. One can only hope that we all find a Damien Stark to call our own. We will be introduced to the infamous architect Jackson Steele- a man whose own story will be told in J.

This book is the series of novella from the Stark Trilogy and should be read in order. Take Me Planning a wedding is stressful to begin with but when you're marrying a man like Damien Stark there is even more stress. Nikki knows what she wants for their wedding but will outside forces change everything for them before they walk down the aisle or will she get the wedding she dreamed about? J Kenner did an amazing job capturing Damien and Nikki's wedding and giving her readers a chance to catch up with the couple. Lots of trilogy's end leaving the reader wanting more. Not many authors will give you a chance catch up and see how the couple is doing. As a reader, I got attached to Damien and Nikki so having a series of novella come out and gives us just a little bit more of how their life has continued. J Kenner brought back many characters from the trilogy and tying everything in to build a perfect wedding and getting them ready for their own stories to come out. Of course no wedding is drama free and J Kenner portrayed Damien and Nikki's in

true fashion and style. Have Me What is a wedding without a honeymoon? Damien sets out to give Nikki the honeymoon she dreamed of but the past always seems to find a way back into the present. Will the honeymoon be everything they dreamed of? Or will this be the intrusion that tears them apart? At the end of Take Me the first novella in the Stark Ever After series Damien and Nikki change their plans so they can have the wedding that suited them. Damien like always is in control and has planned the perfect honeymoon for Nikki. He wanted it to reflect who they are as a couple.
