Customer Reviews

I don't know where to start. I love this author, I love the series the leading man came from. For a character that is as sensual, passionate and alpha as he is and he still hasn't had sex with the girl. Unbelievable.

Whoa! I thought the first book was hot and full of surprises. This one makes it seem like Goldilocks and the Three Bears! Hunter and Miranda are still playing games with each other, laughing and joking around, but when you read their thoughts, you can easily see that both of them are truly falling in love with one another. He's still giving her "lessons" in how to please a man, and that alone could scorch the page, but now he's told her that it's time to finally do the deed. They are planning on having "real" sex, which is what all of these lessons have been about, right? And guess what happens? Ha! I'm not telling you anything! Get to reading now, so that you can tell me what YOU think will happen next! It's your turn to write a review and clue me in! Jgtimm

This book is fabulous I couldn't put it down. Hunter and Maranda Are getting hotter and hotter. Marandas is learning more about her self and her appetites and Hunter is coming to realize that she's important to him. There is a hitch at the end of this book. I can't wait for the third volume. I need to see how this ends. A must read

Hunter and Miranda make a great couple. I've been following Hunter since the first series Billionaire's Indulgence. Wouldn't you know that Miranda would end up working for Riley? She's the sister to his business partner. Can Hunter leave his wild ways behind to commit to Miranda? You'll have to read to find out.

Things are certainly heating up between Hunter and Miranda. This is some serious foreplay happening. It started as a teacher and student type of situation, ut now feelings are getting involved. That was a serious cliff hanger you left us with. When is the next book coming out?

OHMYGEE! I cannot believe how hot this book was! I didn't want to end and it was fast paced and

erotic at an all time high! Wow! Don't want to give anything away but you will not be disappointed reading this book!

This book made my working nights so much easier and my dreams so sexy! I love how Hunter and Miranda interact and how Scarlett brings their stories to life. I wish I had a teacher like Hunter. “ “ “ “ “ “

This book is so steamy I couldn't put it down. Hunter is so sinfully sexy and Mirandas ability to keep up with him and still be strong minded makes her that much more endearing. It is gratuitous but actually tells a story of self awareness and finding ones self. The only problem I have with it is the waiting for the next book in the series.
