Customer Reviews

A while back I wrote a rave review about Dawn's Prelude by Tracie Peterson You can read my review for this book here: [...] I absolutely loved Dawn's Prelude and I gave it 5 out of 5 stars. It is, to date, probably one of my favorite Kindle freebies that I have ever received. Recently, I contacted Beverly House Publishers and they were kind enough to send me copies of the next two books in the series, Morning's Refrain and Twilight's Serenade to review. I am under no obligation to write a positive review, just an honest one. So, I have just read and finished Morning's Refrain by Tracie

PetersonMorning's Refrain is set some 18 years later when Lydia's first child, Dalton, who was born at the end of Dawn's Prelude, is now full-grown at 18 years old. We learn that Lydia is still happily married to Kjell, that Zerelda is still there caring for her family, and that Lydia's step-daughter, Evie, who brought Dalton back to Alaska in the first book, has remained in Sitka for these past 18 years making her home with Lydia and Kjell, and never having returned to her husband with whom she shared no love in the marriage. Dalton has always known Kjell was not his biological father and has heard whispers that his birth was surrounded by strange circumstances of the likes that usually do not occur in Sitka. Finally, at 18 years old he believes he is old enough to know why his parents have kept these secrets from him, and what exactly occurred at his birth. Dalton is shocked to find out that his biological father and the rest of his half-siblings are mean, evil people who have no regard for others in any way.
