Customer Reviews

The book is very useful in pharmacy daily practice, specially in an industrial enviroment. You have to be careful as how the book is listed because even though catalog shows it as a 2506 Hardcover book I actually received the Volume II only (starting about Chapter 7 around page 1300's) and I am still trying to get the missing Volume I. Don't trust the catalogue (maybe that is why there is no picture available?) and My advice is: Double check with your provider before ordering.

Very Good
